Greek host institutions can request that the scholar participate in projects in curriculum co-development, collaborative research and/or graduate or undergraduate student research mentoring and teaching, for a period between 14 and 90 days.

The deadline to receive both scholar applications and host institution project requests is **30 January 2020 at 11:59 PM Eastern US time (31 January 2020 6:59 AM Greece time.)** Selection decisions for Cycle 4 will be made in **May 2020**; project visits can begin in **June 2020**.
